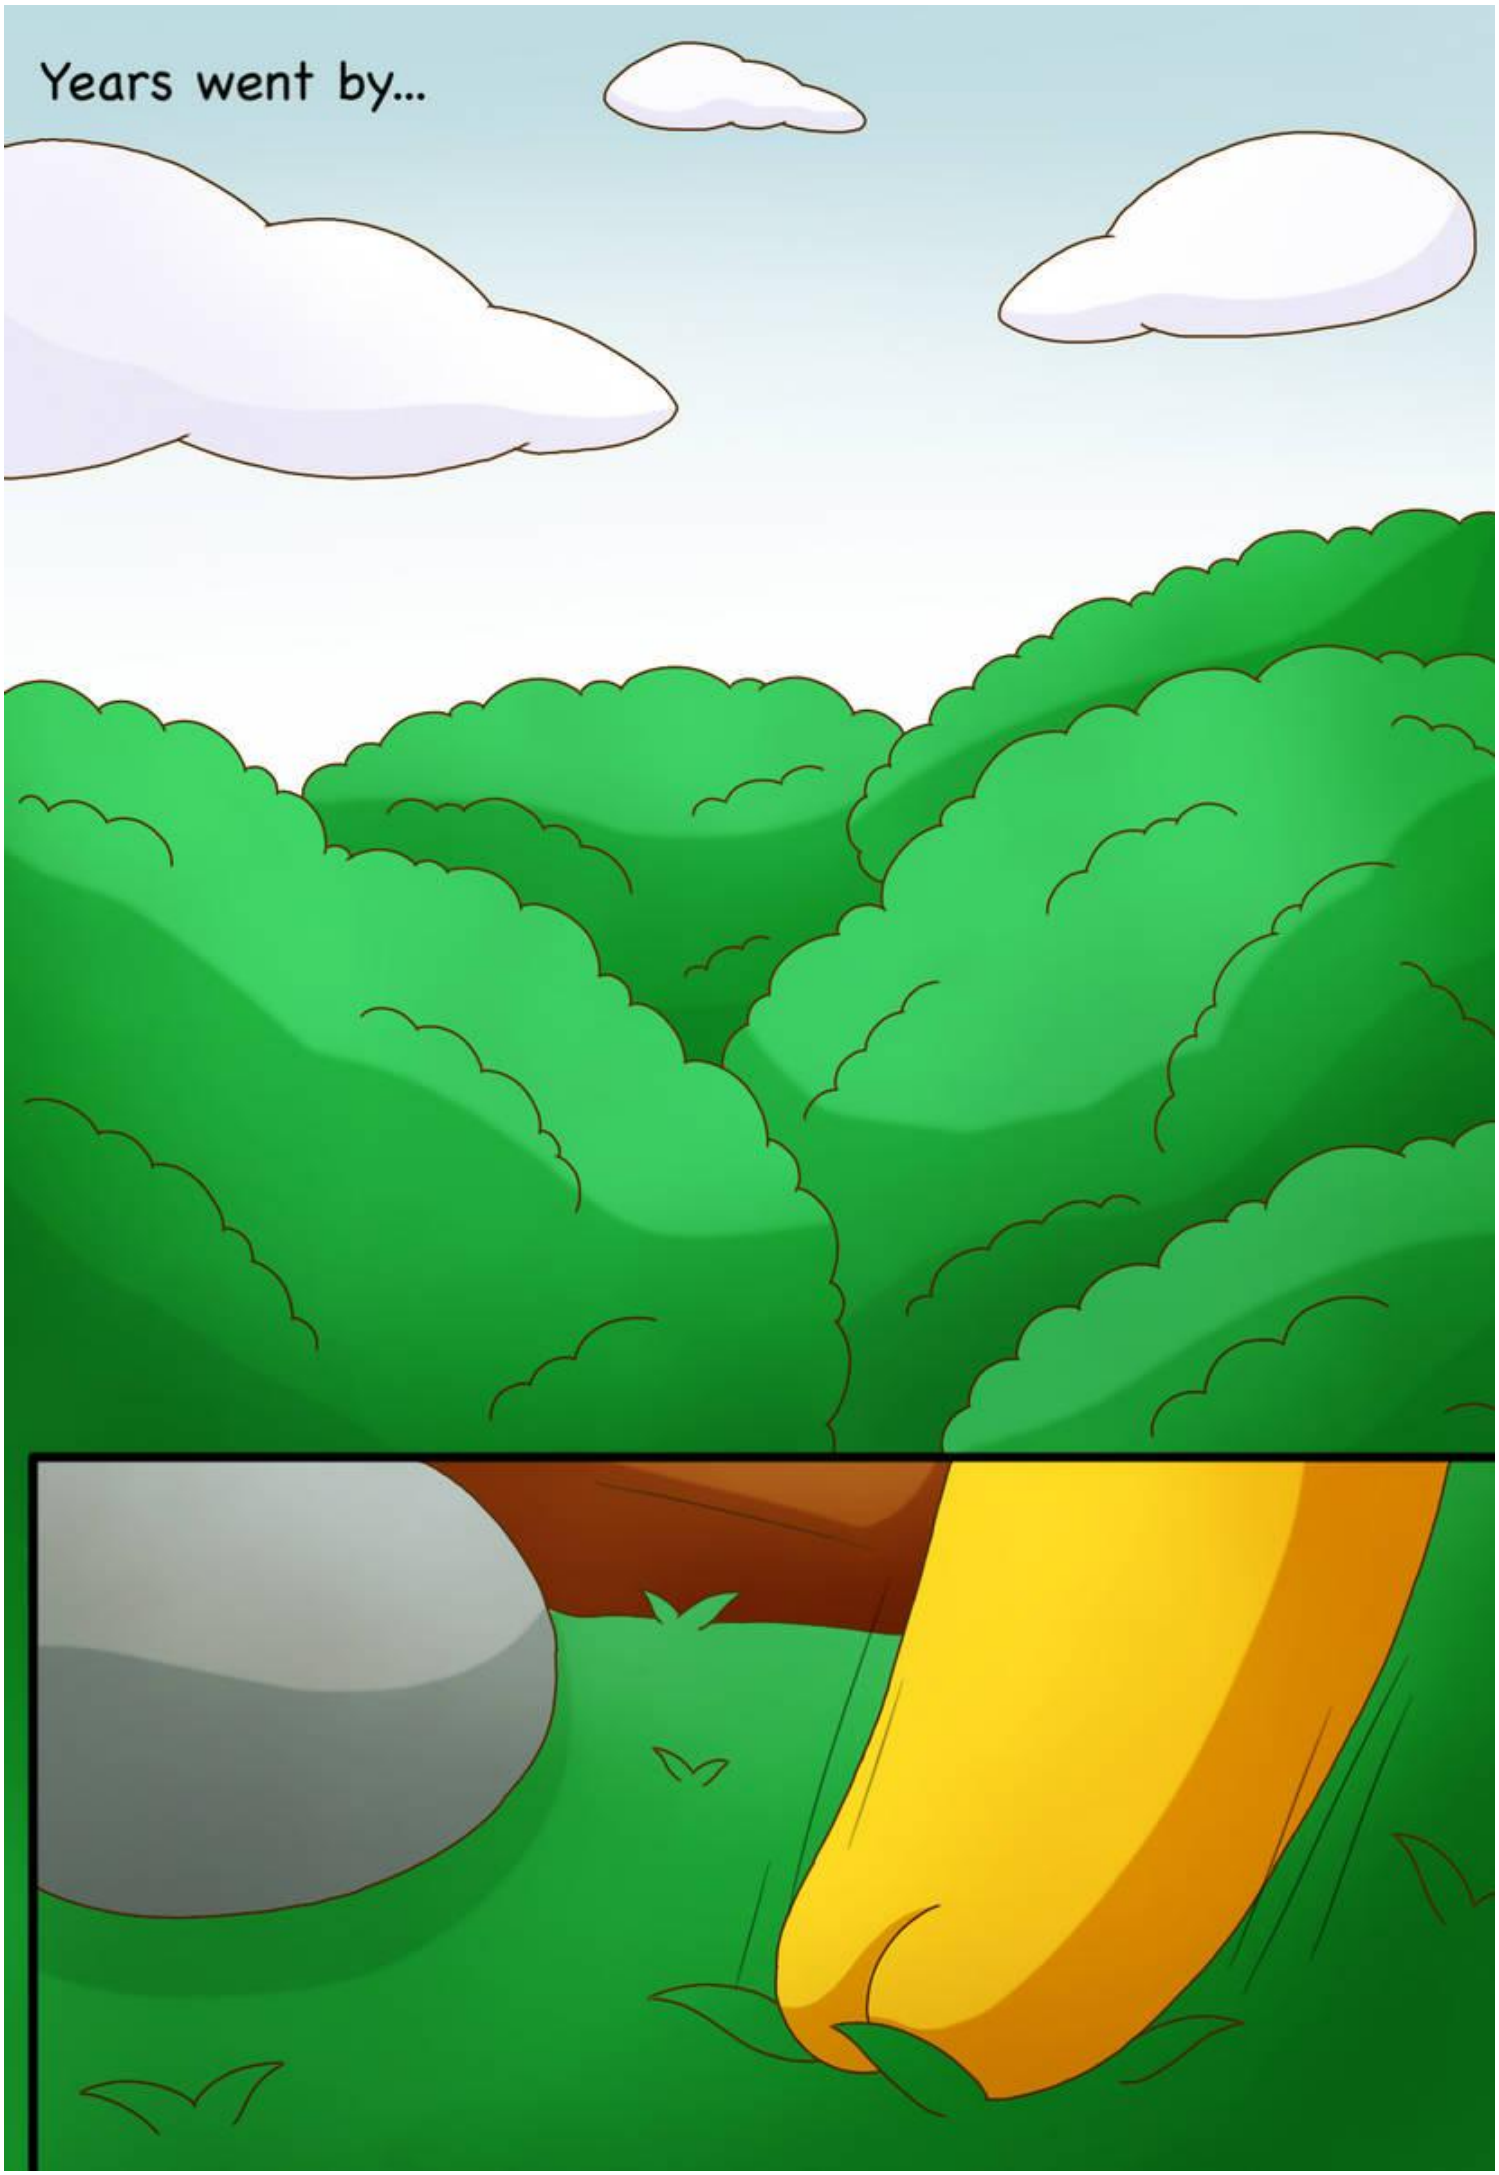
Chapter 1

Friends and Family



Years went by...

Why are we in the forest again?
Well, I thought I would take Flareon for a walk since he really loves it.
Just look at him. He's happy.
But I'm tired to walk!
Then look who's the one walking here? You're just sitting on the top of me.
Yeah, You're right.

Hey, look over there!
Where?
There!
You mean that tree? It's just a old tree.
But it looks like a house, doesn't it?
Yeah... Whatever...

Aaaaah!
Doesn't matter. I'll check it out!
Hey!
Careful! You almost dropped Flareon! Good thing I caught him in time!
Sorry!

Hey!
Sis, wait up!
Come on. Just a few minutes.
Maybe there's something good-
-inside...

Is anything wrong?
Are you okay? Are you hurt?
I'm fine but there's an egg in here.
An egg?

What is it doing here? It doesn't look like there's anyone live here now.
I don't know but it kinda reminds me of us years ago...
Wo wo wo! Our past is not today. Everything is different now.
Then what should we do? We can't just leave it here.
Of course we can't.
I don't want it to feel the same way I did...

Big bro
?
I wonder what is it gonna be? Boy or girl?
I'm sure we'll find out soon.

How can we know if it's still hatchable?
Didn't you say before?
I know I said it before but what if it didn't make it...
I'm sure it will hatch. It has to...

Okay... Is it breaking or hatching? I didn't break it, did I?

Phew...
Awwwwww!

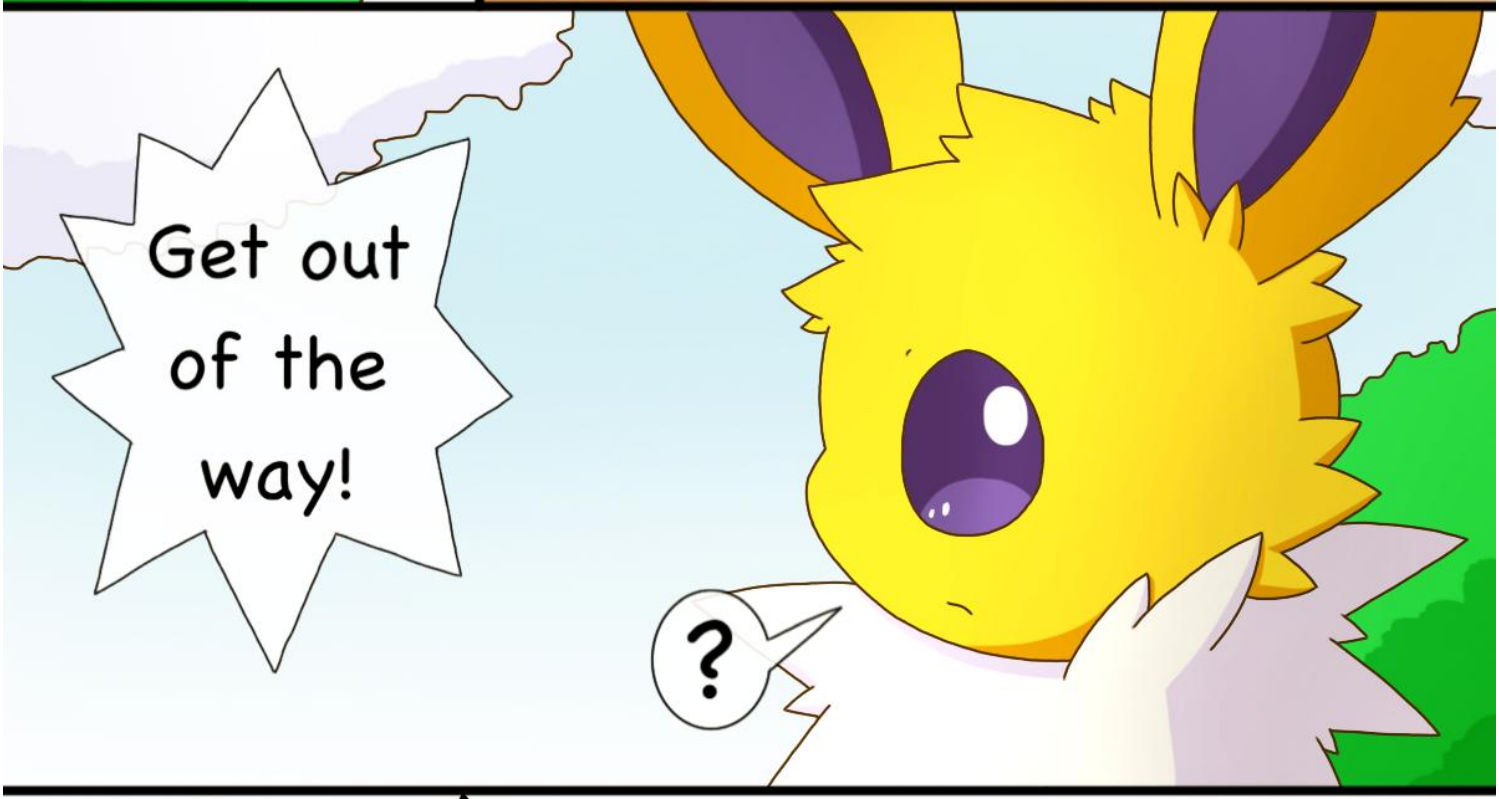
Hi, there.
?
A-are you my daddy...?
What...?
Did she just call big bro her dad?
Me? Dad? I don't even have a girlfriend yet.
Daddy...?

Look, I'm not your dad...
But still...
You can consider me as one if you like.
Aye!
Hey... What about us?
?

A few years later...
Vappy!
Can't you just give me another few more minutes? Why don't you take Flareon and Eevee there first?
Come on, let's just go already.
I already took them there a few hours ago. I just got back here.

Then why didn't you stay there?
Well, I can't just leave you here. What if you get lost?
Come on, I'm only a few hours younger than you.
Okay... But I'll wait outside. Just tell me whenever you wanna go.

I guess things did change a lot. There're even walk paths here unlike before-



Get out of the way!
?

Ouch...
S-sorry, I'm in a hurry!
I'm really sorry!

I'm ready to go now-
What happened to you?
It's a long story... Let's just go already...
Okay, but let's get something for you first.

So, where's the place Espeon told us about?
You'll find out soon.
Wherever it is, we're close, right?
We're already here.
Here? No way! It's way bigger than ours!

Hello, Espeon?
Are you there?
knock
knock
Eevee?
Big brother!
Hey, how's it going?

Took you long enough.
So this is the place we bought.
It's huge!
Yep. What do you think?
Hey, Espeon!
Where is Umbreon?

Umbreon?
You know that guy, right?
Isn't he behind you?
The whole time you didn't see me, really?
My bad...

Anyway, I want to tell you something.
What is it?
Is it weird that there're more females than males here-
Umbreon!

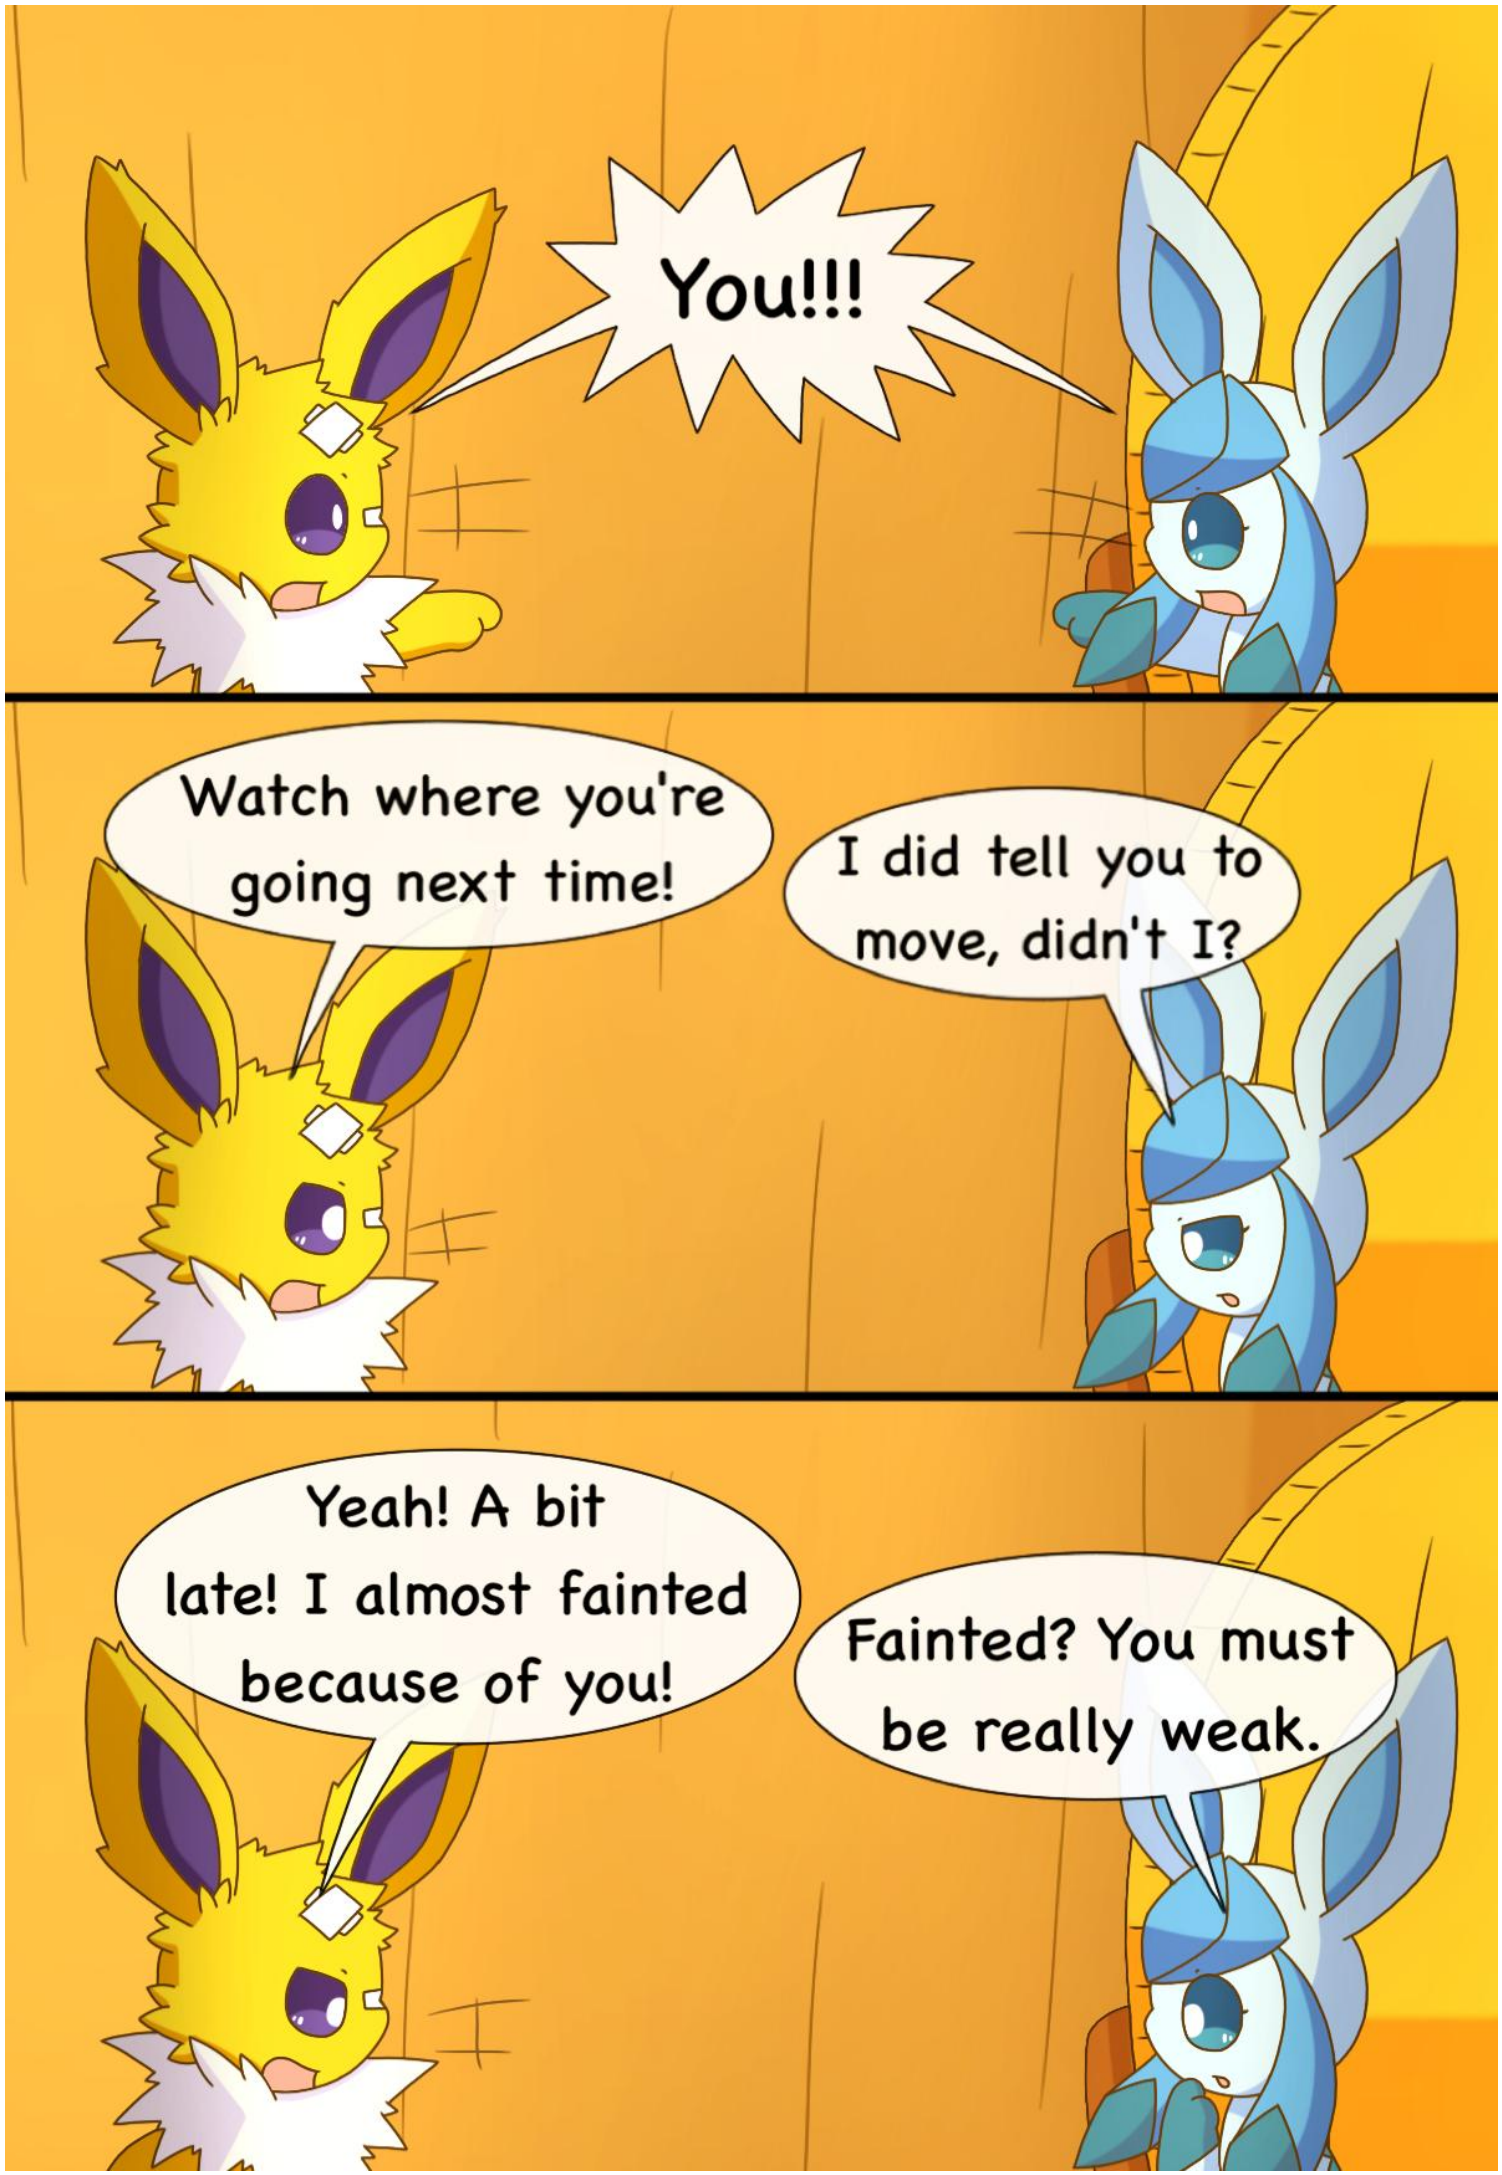
I think you're standing on something...
Oops, sorry about that.
Again...
Hi! I'm Sylveon! Nice to meet you! Let's be friends!
Okay...
Cool!

Hey, Umbreon. What's up with that girl? I don't remember seeing her here before.
That's because she just got here.
Anyway, she's kinda cute.
I seriously don't get what you see in that girl though...

Hi!
You must be Jolteon. I'm Leafeon. Nice to meet you.
Big bro, are you okay? Your face is red.
W-what? I'm fine.

It's funny. You kinda remind me of my sister a little.
You have a sister?
Yep, and-
I forgot about her! She might get lost!
Please calm down.

Just calm down.
I'll help you find her.
Really?
Yep, just tell me what she looks like.
Sorry!
I lost my ways-
...
Here...



You!!!
Watch where you're going next time!
I did tell you to move, didn't I?
Yeah! A bit late! I almost fainted because of you!
Fainted? You must be really weak.

Anyway, can you just forgive me already?
Is that how you apologize!? You're a-
-Nasty girl!
What did you call me!?

Sis, why are you always like this?
But he-
You're the one who started it.
Fine... I'm sorry...
Later...
Geez...
I can't believe she's Leafeon's sister.
Daddy!
Did I tell you not to call me daddy here?
But there's no one here.
Fair enough.

So, do you need anything or you just want to see me?
I want to play with you, daddy!
Sorry, Eevee.
Maybe next time.

To me, she's still nasty-
What was that for!?
That's for calling me nasty!

Hey, Leafy!
Catch!
I got it-
I don't
get it...
Sorry-
Huh?

Kyaaaaaaaaaaa!!!
What's going on?
...

Was it my fault?
Ouch...
So, we're gonna have a sleepover for tonight. How does that sound?
I don't think that's a good idea.
Is anything wrong?

It's kinda hard to explain...
I agree with him.
We can still have a sleepover. Just don't mix genders.
Fine... But it's less fun that way...

Hey...
Wake up...
Sorry, Eevee... Don't be sad...

Aaaagh-
Be quiet.
Later...
Geez... What do you want?
I want to say sorry.
Sorry?
You know. About what happened today.

I forgive you. Just get out.
Shouldn't you be apologizing as well?
Nah, why should I? It's all your fault in the first place.
Well, then.
I take back what I said.

I knew you would try to hurt him.
...
It's not what it looks like! I just... Uh...
That was close.

Okay, Flareon looks so peaceful. I don't want to wake him up.
And Umbreon- He already has a problem to deal with.
Now what?
Mmph!

That's it, I'm out of here-
Espy?

Did she just-
Do you need something?
Uh... Sorry if I interrupt you. I'll just go back to bed now. Good night!

Could this day get any worse...?
